

Mobile Workbench

Fast, easy access to tools and machinery

Starke Arvid's mobile workbench is specifically designed for people in construction, heating, ventilation, sanitation, and industry. The workbench has plenty of room for smart storage of tools, machines and accessories. And thanks to the cable lead-through your tools can always be fully charged even when the bench is locked. With everything in one place you can always find what you need simply and quickly and can always work efficiently.

Product Advantages

- **Easy to transport.** A strong handle, two solid puncture-proof tyres and a lockable swivel castor make the workbench easy to transport.
- **Stable.** Two extendable support legs ensure that the workbench stands steady on all types of surface.
- **Capacious.** The workbench, that opens from the front, has a volume of 430 litres.
- **Safe.** A strong protective cover over the lock and hidden hinges on the inside.
- **Good work surface.** At ergonomic working height.

Two extendable support legs hold the workbench steady.

Exchangeable robust moulded plyfa. Large work surface at an ergonomic working weight.

Cable lead-through. Charge your tools even when the workbench is locked.

Lifting eyes.

Opens at front. No need to move tools and other things when you open the doors.

Puncture-proof tyres and lockable swivel castor for easy transportation.

Hidden hinges. Better theft protection.

Technical Specification
